PERRIN'S Parade of Outstanding Glads

Our Finest Crop Grown In Oregon Since 1917

We are proud to announce that we have completed installation of the very latest air conditioning system in our bulb warehouse. Even with the extremely wet harvesting season that we have just been through, we were able to process our crop so that it looks like each bulb was hand polished. Every 20 minutes, the air is completely renewed in our storage rooms with the temperature thermostatically controlled. If you are in Portland in the near future, we would be pleased to show you around.

Hand Planted and Harvested

We exercise the greatest care to see that only first quality stock is shipped out; but in keeping with trade customs, we cannot guarantee the growth or productiveness of the bulbs due to the varying soil and climatic conditions.

Our 21 acres of Gladiolus are hand planted, hand harvested, hand cleaned and counted. They are not mutilated and bruised by machinery. This is your assurance of first quality bulbs.

Prompt ordering is advisable, as there seems to be a strong demand for the many real good cut-flower varieties that are listed here in our catalog at such reasonable prices.

A Free Gift For You

Many of our customers are delighted with the extras in the form of over-count and newer kinds that we include for trial; and if you send us the names and addresses of friends that grow 500 or more Glads—well, we just try to outdo ourselves in giving extras.

WEDGEWOOD

SHIPMENT

All orders are sold with the understanding that the shipping charges will be paid by the customer. That means F.O.B. Portland, Oregon, except pool car shipments which are prepaid to Chicago or Trenton, N.J.

A service charge of 35 cents will be charged on all orders of less than \$3.00, as they cannot be filled and shipped at a profit.

Orders of \$10.00 or more may be sent any time in U.S.A. via Railway Express. Those held for Spring delivery will be shipped as weather permits. Local and Pacific Coast orders may be shipped at time.

We advise Railway Express shipment rather than freight as congested conditions sometimes cause long delays. Auto freight has proven very satisfactory for Pacific Coast and Texas orders of 100 lbs. or more.

WASHINGTON, OREGON, CALIFORNIA AND TEXAS customers who order \$60.00 or more will have their shipments PREPAID from Portland, Oregon, to the through-rate auto freight terminal nearest to them.

PARCEL POST SHIPMENTS

Parcel Post is not insured against freezing, so should you wish your order sent in this manner (much cheaper than express on orders of 12 lbs. or less) you had better let us keep it until danger of freezing is past—usually March 15th. We will advance the postage and notify you of the amount.
